SPONSORSHIP AND EXHIBITION OPPORTUNITIES

A Time For Action:
Risk Engineering and Project Controls
Impacting the Future

Risk and Project Controls Conference 2019

The Asia Pacific infrastructure market is expected to grow 7-8% a year, reaching US\$5.36 trillion a year by 2025 representing 60% of the world total. Both emerging and mature economies need substantial investment not only on development and upgrade of right new infrastructure, but also to maintain and optimise their existing assets.

One common challenge is fundamental constraints, including budgetary, timeline, uncertain benefits and risks. Therefore, there is a critical need to improve risk-based decision making approaches including integrated risk engineering and project controls solutions to address challenges facing the industry in development, delivery and optimisation of infrastructure assets.

This is an Opportunity to:

- Align your organization with risk engineers and project controls professionals
- Interact with potential and existing customers to lead and create demand
- Present your passion and commitments to industry and engineering profession as well as demonstrating your product/service
- Communicate key ideas regarding your brand and any organizational updates
- Increase brand recognition through prominent brand placement in RISK/PCC19 marketing material
- Target specific groups through relationship marketing
- Direct interaction with a captive audience of up to 400 delegates as well as indirect marketing to thousands professionals
- Reach specific members of Engineers Australia via:
 - Mailouts to generate excitement and communicate call for abstracts and registrations
 - Conference website to communicate all event specific information
 - News alerts and event alerts in the Engineers Australia main website

The Risk and Project Controls Conference 2019 will provide an ideal setting for sponsors and exhibitors to be part of the Risk and Project Controls community networking with delegates and risk practitioners and professionals.

Conference Hosts:

Conference Program:

The conference program will explore the theme **A Time For Action: Risk Engineering and Project Controls Impacting the Future**. The sub themes for the stream are:

1. Risk Engineering & Culture
2. Project Planning & Scheduling
3. Integrated Project Controls
4. Contract & Commercial Management

Sponsorship and Exhibition opportunities at Risk/PCC2019

The RISK/PCC19 conference provides extensive marketing, promotion and networking opportunities.

To capitalise on these, the conference organising committee offers you the following range of packages and your company will be clearly identified as a leader.

We recognise that one size does not fit all when it comes to sponsorship investment and we are happy to discuss and design a tailor made package specific to your organisation's budget, needs and marketing objectives.

To discuss any opportunities please contact the RISK/PCC19 secretariat
